CHAPTER V

CONCLUSION AND SUGESSTION

This chapter deals with conveying conclusion and suggestion.

A. Conclusion

Based on the finding of the research derived from the data analysis presented in the previous chapter, it can be concluded that teaching writing by using Action Feeling Setting strategy can improve students' writing skill, related to the content, organization, vocabulary, language use, and mechanics. In fact, the analyzing of the data showed that the students' score in the pre-test and post-test.

After researcher conducted the research about the effect of the Action-Feelings- Setting strategy toward the skill in writing recount text, the researcher found that the students who were taught by implementing Action-Feelings- Setting strategy in teaching writing became aware about the pattern of language use especially about tenses and sentence pattern in recount text, in order to make the reader understand the message or idea that we write.

Action feeling setting strategy gave significant effect to improve students writing skill. But, action feeling setting strategy increased students' skill in terms of content, organization and language use. There was not all of writing components that improved through the implementation of the strategy. Action feeling setting strategy help the

students to develop their ideas in written form and organize it into the correct sentence.

B. Suggestion

The success in the teaching doesn't depend on the lesson program only, but more important is how the teacher presents the lesson and uses various strategies to manage the class more comfortable and enjoyable. Dealing with the research finding, the following suggestion as the outcomes of the study is put forward.

1. For the teacher in teaching and learning process are hoped to create a god atmosphere in classroom to make teaching writing more effective, meaningful, and interesting to the students.
2. It is suggested to the teacher to choose and use the appropriate material, strategies and technique in teaching writing. One of the strategies that can be used to improve students' writing ability is Action Feeling Setting strategy.
3. In using Action Feeling Setting strategy, researcher also should be able in solve the problem when there are any students who do not want to work.
