# CHAPTER V

# CONCLUSION AND SUGESTION

This chapter presents conclusions and suggestion that are based on the findings and discussions in the previous chapter. It also presents some suggestions for English teacher and future studies.

## A. Conclusion

Technique, strategy and material can improve students speaking in English. The important thing is the students can speak communicatively. This research has discussed the effect of PMI Strategy towards students' speaking ability at class X of MAN 1 VII KOTO Sungai Sarik. PMI Strategy gives occasions for one-to-one interaction among students around school tasks and use the target language communicatively.

Based on the result of the research, it can be concluded that:

1. Using the PMI Strategy gives a significant influence to students speaking ability. In fact, the analysis result showed that the value of t calculated 3.235 was higher than the value of t table 1.683 for 5% significance, at the degree of freedom $(24+24-2) = 46$. This indicated this hypothesis was accepted.

2. Teaching English by using PMI Strategy also increase the students' mastery in speaking components especially in comprehension.

**B. Suggestion**

Related to the statements mentioned in conclusion above, the researcher proposes some following suggestions:

1. The English teacher should consider the implementation of PMI Strategy as an alternative strategy in teaching speaking.

2. The English teacher in teaching and learning process are hoped to create good atmosphere in classroom to make teaching more effective, interesting and meaningful to the students.

3. For the other researcher it is suggested to carry out further studies about the use of PMI Strategy in improving students speaking skill since this study only concern about the use PMI Strategy in developing student's speaking skill that refers to pronunciation, grammar, vocabulary, fluency, and comprehension.

4. The other researcher is suggested to do the experimental reasearch by using PMI Strategy in other skill such as in writing and reading.

5. The researcher realized that this thesis have several weaknesses. Therefore, any comment and suggestion, and criticism are expected to come up in order to make a great one.
