

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

This chapter is divided into two parts, the first one is conclusion and the second one concerns with the suggestion in relation to the result of the research.

A. Conclusion

Based on the finding and data analysis above, the researcher can draw the following conclusion:

1. Based on the finding of this research, it was concluded that students writing skills fair. The Students have some problems in mastery of mechanic and the students also have some problems in mastery of language use
2. In generic structure mastery, the student is not mastered identification in writing descriptive text. Then, the student also is not mastered series of events in writing recount text.
3. From the results questionnaire has given to the students, lack of knowledge was the mostly factors influencing or causing the student lack of mastery writing in SMPN 14 Padang.

B. Suggestion

Based on the result of study finding, the researcher would like to offer some suggestion which hopefully may be useful in the future. The suggestions are follows:

1. For English teacher, the teacher should be able to create good atmosphere while teaching writing in the classroom and also she/he should be able to

find out effective techniques and strategies to teach writing. It is suggested for the English teacher could help the students to practice the use of language in written form. So, the students will be more interested in learning English especially in writing.

2. For students, it should have more motivation and attention in learning writing English.
3. For the next researcher, the next researchers can examine the case that can be made into a guideline to English learning especially in writing process.
4. For government and educational hold training to English teacher to improve their knowledge in English teaching.
